I am protesting this case? \* For example, are you a customer of the Water Company? This section must be completed. Attach additional information.

I have lived in River Hills since 1991 when the price of water was about \$34-\$40 a month. Then we lost a battle with the Water Company. I thought viruses were bad until I see what the Water Service Commission of South Carolina had done to the cost of water. How many companies in the USA have raised their rates 80%?

I consider this request totally out of line. The Community Association should hire the best lawyers and might even ask for an 80% decrease in the cost of our water. Many cities have no cost for water or very little cost. New Rochelle, New York charge their customers fifty dollars a month. Our state has the highest rate for water and now they want to go even higher?

I am a customer of this company and hope we can locate water from a more reputable company.

I am protesting this case? \* (This section must be completed.)

This is a pure scam.
